Dear Professor,

We are from the ICAISD 2024 committee in Indonesia. We want to remind you that you have already agreed to join the Technical Program Committee (TPC) of the International Conference on Advance Information Scientific Development (ICAISD 2024). We need your participation in working on the review papers. You will receive a review guide as an attachment and be assigned to review each paper for one week after you are assigned. The information will be sent to your email, and you can accept or decline the review request. If you accept the request, you will receive an account and password for our Open Conference System (OCS).

The benefits are that the reviewer's name will appear on our website as Technical Program Committee (TPC) and that the reviewer will receive a certificate. All the accepted papers will be submitted to the Institute of Electrical and Electronics Engineers (IEEE) as additional information. If you have an excellent paper ready to submit, we extend it until August 15, 2024. Here are the fields of ICAISD 2024:

1. Computer Science
2. Computer Engineering
